

eSale—ONLINE SALE NOTES

KEEPING IT SIMPLE

- Easy and intuitive to use
- Straightforward screens
- **No special equipment is required**
- Simply log in via your laptop, iPad, mobile phone or any other device that can run a web browser.

ACCESS - ANYTIME, ANYWHERE

- Manage your sale notes from anywhere you can access the internet.
- From home, the farm gate, away from the office or even overseas
- Review and edit your sale
- Record notes

UP-TO-DATE

- Connects directly to the office server
- Information is always up-to-date with no need for uploading or synchronizing.
- Office staff will have the sale note information immediately
- Improves productivity

USER SECURITY

- You see only your own sale notes.
- Access is controlled by User Groups through your Systems Administrator.

SAVING TIME WITH GREATER ACCURACY

- No more frustrations trying to decipher hand written sale docketts and chasing missing information.
- Being online, your agents enter their own sale notes, whether on the road or back at home, giving them greater responsibility and ownership of their sales information.
- Office staff can easily check the sale notes as they are entered.
- Each eSale can be viewed on a single screen, checked, and the sale generated with the click of a button.

Imagine the invoice being sent out before the agent returns to the office!
