MERRY CHRISTMAS

Merry Christmas everyone and thanks for your continued support throughout the year. It has been a year of changes and developments, time to relax and have a break. We hope you are all able to have a holiday and celebrate Christmas with your family and friends. We will be closed from 20th Dec, re-opening 14th Jan 2013.

Updates and Information

Over the last month we have created a couple of tutorial videos that we have posted on YouTube. We hope these have been of some help to you and plan to continue using this method of demonstration. The videos are easy to view, simply go to YouTube and enter Livestockoffice to bring up our profile page, click on video and view. Set the resolution and select full screen for best viewing.

We are happy to create tutorials on request if you wish us to cover something specific. We produce these free for your benefit. Let me know what you need:

The Clearing Sale module is progressing well and will be available for purchase soon, ready for the 2013 clearing sale season.

It is now 6 months since the new Nait requirements were introduced – hope you are now getting to grips with the process and finding it second nature.
