Give us a call and we can get you set up, over the phone in just a few minutes. This is a great little program not only for upgrades, but also for fixing errors and helping when things go wrong, it increases our support capabilities hugely.

Shearing Sports

Still lots happening in the competition circuit in both North and South islands.

Well done to everyone involved in the record breaking attempts, 1 record broken, 3 great events.

A note about the Lamb Shear record attempt that was called off – such a disappointment but what an awesome response from the shearers and everyone involved to continue on and make it a successful enjoyable day.
