WHATS BEEN HAPPENING

Another month gone, it will be Christmas before we know it. Lets hope we see summer before then. There's been some terrible spring weather nationwide with most of us feeling the brunt of gale force winds and heavy rain, making for a challenging month.

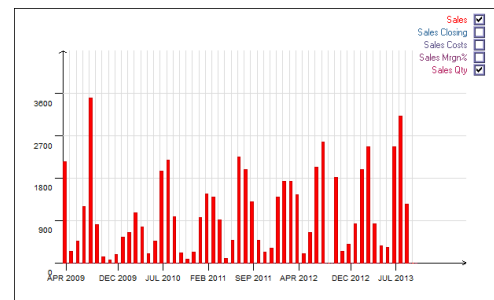

Thankfully LivestockOffice is such a reliable and stable program, it's a pleasure to use that you forget what's happening outside.

LO Analysis

Do you use the *Analysis* button, available on the Debtor and Creditor display screens? It is useful for highlighting weekly and monthly sales and purchase data. *Add All* will show a full history for a client. Data can be printed, exported to excel or graphed, *as shown here.*

Look also at *Analysis Codes* under the *Ledger* tab to collate and graph ledger code data.

Shearing News

PayBiz is coming.!!!

It's very exciting.

Have you all had a look at the tutorial video on YouTube. Check your email for a quick access link. Or, the video is available on our facebook page and from the homepage on our website.

Go to:

www.livestockoffice.com

* click YouTube, sit back and enjoy.
We have had some very positive

feedback from those who have viewed the footage already, which is really encouraging.

As we continue testing the software over the next couple of months, we welcome your queries.

Each month leading up to the program launch on 1 April 2014, we will highlight a feature of PayBiz that will make your payroll process quick and easy.

All history is held in the current system giving you immediate and easy access to all historic data whenever required.

Shearing Sports:

The new season of shearing sports has begun with a great show in Alexandra kicking off the competition at the start of October. The competitions throughout the month have produced some great results with some new faces appearing on the winners podium. Keep an eye on our NZ team as they compete in the first trans-tasman test in Victoria, Australia at the end of October.
