### Techno Tips

#### PAYING STAT HOLIDAYS

The required practice is to pay Stat holidays when they fall rather than pay as you go.

1. Print the **Ave Daily Pay Report**
2. Enter the **Ave Hours / Day** for each employee in a STAT holiday tally sheet line.
3. The system calculates the rest using the employees average daily pay over the past 52 weeks.

### WHAT'S NEW

#### NOT JUST SHEARING

Did you know that PayBiz is used by other contracting businesses outside the Shearing Industry.

We have users from Horticulture to Chicken Farms.

PayBiz can easily handle it all.

- Flexible
- Integrated
- Payroll
- Invoicing
- Cashbook

It can be used for your off season work—fencing, tailing, firewood and so on.

Are you getting the most out of it?  
Do you know someone else who would benefit?

I read an article recently that I have to share about one of our clients and his enormous commitment to shearing.

#### Warren White—Waimate Shearing

*"The 50th Waimate Shears, incorporating the New Zealand Spring Championships, have been launched in a new million dollar stadium - a community of less than 4000 people raising the money and building the facility in less than two years.*

*The project was spearheaded by the championships committee, its 27 members steered by local shearing contractor Warren White of Waimate Shearing.*

*The honour of shearing the first sheep at the first Waimate Shears in the new events centre, went to Mr White, who on Thursday night was made a life-member"*

#### Shearing our Success

Congratulations to everyone involved with the World Shearing and Wool-handling Championships in Invercargill earlier this year, taking out a couple of major titles in the New Zealand Events Association Awards:

The February championships was named **Best International Event**, while the ILT Stadium, a sports stadium which was turned into the World's biggest woolshed for a week and housed 4000 fans on the final night, was named **Best Industry Supplier** for an Event. *Brilliant*
