eBiz - Online Tally Sheet and Invoice Entry

KEEPING IT SIMPLE

The eBiz web interface is easy and intuitive to use with straightforward screens and options. Mandatory fields prevent you moving to the next screen until they are completed. Some details are remembered from one tally sheet line to the next to speed entry. No special software or equipment is required. Simply log in via your laptop, iPad, smartphone or any other device that can run a web browser.

ACCESS ANYTIME, ANYWHERE

With eBiz you can manage your tallies from anywhere that you can access the internet.

- Enter the tallies from the shed
- Record notes
- Manage staff and work codes
- No special software required

This means you can enter, edit and review your tally sheets from the shed, away from the office or even overseas.

UP TO DATE

eBiz connects directly to the PayBiz server in the office, so the information displayed is always up-to-date with no need for uploading or synchronizing.

The office will have the tally sheet information immediately, improving productivity and streamlining processes.

SAVE TIME WITH GREATER ACCURACY

No more frustrations trying to decipher handwritten tally sheets and chasing missing information.

You can pre-enter the staff and pay types (work codes) before the team head out to the shed, leaving your ganger to simply enter the numbers.

Being online, eBiz lets your ganger enter the tallies for their sheds, whether on the road or back at home, giving them greater responsibility and ownership of their teams.

You can easily check the tallies as they are entered using the Tally Sheet option in PayBiz.

Imagine sending the invoices before your team even returns to home base!

General Notes

- In most browsers <tab> moves to the next field.
- In most browsers, when the focus is in a text box, the <Enter> key is the same as clicking the first button on the web page.
- Drop down boxes:
 - If using a keyboard, enter the first letter/s to jump directly to a specific item.
 - Click the arrow at the side to display the list.
 - <Enter> or **Double-Click** selects the current list item.
- In multiline text boxes, such as Comments and Notes fields, <Enter> moves to the next line in the text box.
- If using a keyboard, <Space Bar> will enter/remove the ticks in check box fields.
- Date fields must be in the format D/M/Y
 - The separator can be / or . or -
 - D and M values can be 1 or 2 digits.
 - The year can be 2 or 4 digits.
- Mandatory fields are marked with *.
- Website layout may show minor variations on different browsers, but this does not affect the functionality.

eBiz Login

Access to your eBiz is via a web address unique to your company.
Enter your credentials and click **Logon** to access the **eBiz Menu**.

A screenshot of the eBiz login screen. It has a purple header bar with the text 'PayBiz - eBiz'. Below the header, there are two text input fields: 'User Name' and 'Password'. Below the 'Password' field is a 'Logon' button. The entire form is set against a light gray background.

eBiz Functions

With eBiz you can manage your tally sheets, your Invoice job and add new Clients (Debtors).

Access to the options is controlled by user security so you can limit access to the various functions for each employee.

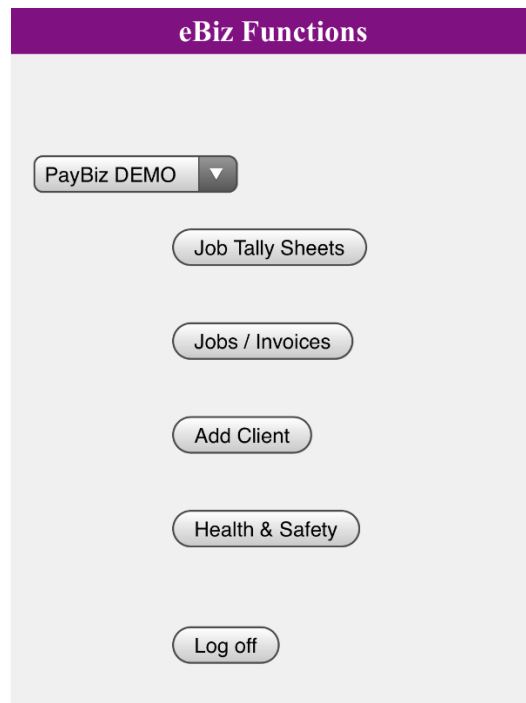

Figure 2: eBiz Menu

eBiz Job/Tally Sheets

Details entered here are visible immediately in the **Job/Tally Sheets** option in PayBiz.

Select an existing open Tally Sheet from the drop down list and click **EDIT/VIEW** to open the Tally Sheet, or click the **NEW Tally** button to add a new Tally Sheet.

N.B. The **New Tally** button is only visible if your User Group has ADD access to the Tally Sheet class.

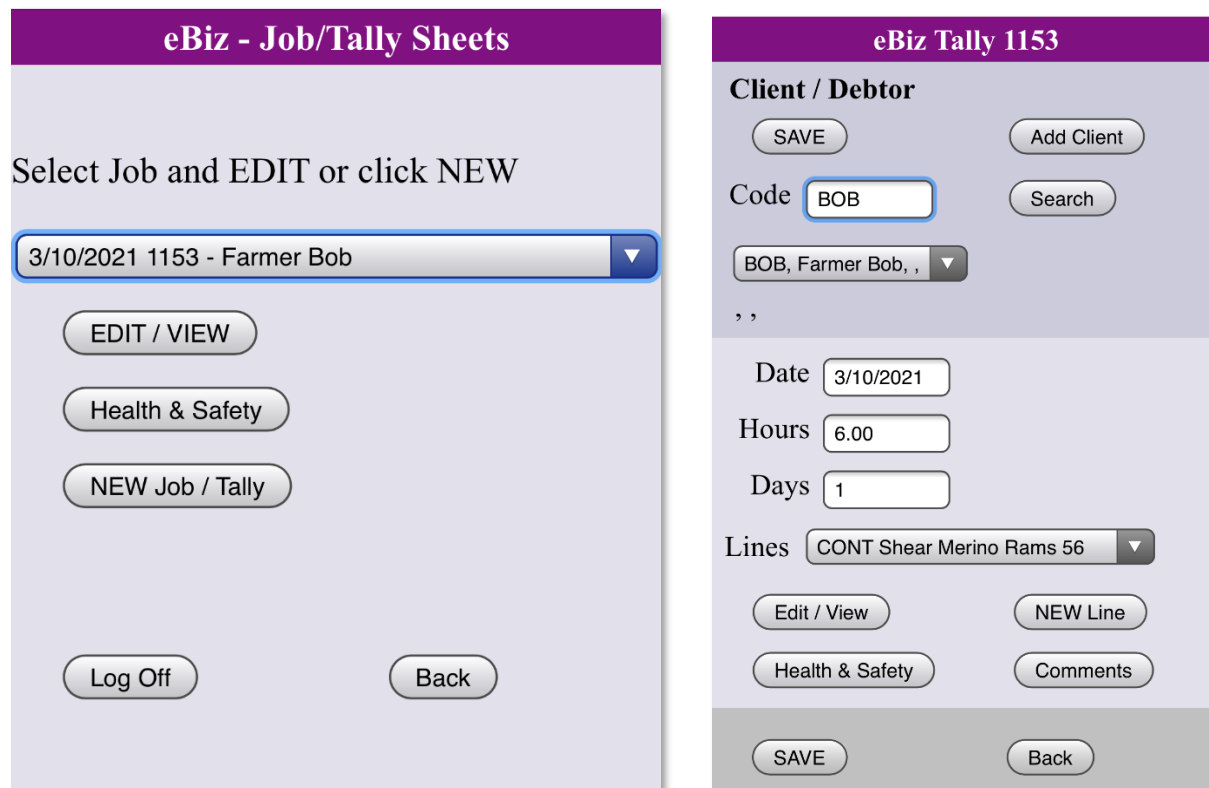

Figure 3: eBiz Job/Tally Sheets

Field	Description
Add Client	Opens the Add Client screen to enter a new debtor. Only visible if your User Group has ADD access to the Client class.
Code / Search	Enter the first letter/s in the Code field, then click the Search button. Use the drop-down box to select the Debtor from the returned search matches. The address will display for the selected client. <i>Notes:</i> <ul style="list-style-type: none"> <i>If no letters are entered, ALL clients will display in the drop-down box.</i> <i>Using letters to limit the search greatly improves performance by not needing to load the entire client database over the internet.</i>

Continued...

Field	Description
Date	Enter the date of the tally sheet. Format dd/mm/yyyy. This will become the Invoice Date and determines the payroll period for payslips.
Hours	Enter the default daily hours for the job. Hours are required in New Zealand to calculate the average daily pay and hourly rates for ACC, IRD and Statutory Pay calculations.
Days	Must be a whole number. Used to calculate the Average Hours per Day . Enter the number of days/dates the default hours represent. Eg: If entering a line for each date, then 4 hours would represent 1 day. However, if entering shed totals, then 22 hours might represent 3 days.
Lines Edit/View NEW Line	Select an existing line from the drop-down list and click Edit/View to open the Line, or click the NEW Line button to add a new tally.
Health & Safety	Opens the Health & Safety page to add or edit Risk reviews and Incidents related to this job. Visible only if running the optional Health & Safety module.
Comments	Opens a new page allowing free text entry of comments. An exclamation mark will display next to the Comments button if comments are present.
Save	Click to Save the details.
Back	Click to return to the Tally Sheet screen.

Select an existing Line from the **Lines** list and click **EDIT/VIEW** to open the Line, or click the **NEW Line** button to add a new Tally.

Figure 4: eBiz Tally Sheet Line

Field	Description
Employee	Select the staff member from the list. If an employee is not in the list, they can be added via the Manage Staff button.
Date	Defaults to the Tally Sheet date, but can be overwritten to reflect the date the actual work was done. Format dd/mm/yyyy. Prints on the payslip.
Code	Select the work code from the list. Additional codes can be added via the Manage Codes button.
Quantity	Enter the quantity.
Hours	Enter the hours. Defaults to the Tally Sheet hours but may be overwritten. If entering work that is paid as an hourly rate, the Hours will automatically be adjusted to the Quantity .
Save button	Click to save the record.
Save / Add	Click to save the record and open a blank screen to enter the next record.
Back button	Return to the Tally Sheet screen.

Manage Staff and Manage Codes

From the eBiz Tally/Job Sheet Line page, click on the Manage Staff or Manage Codes to add or remove Staff or Work Codes from the tally sheet.

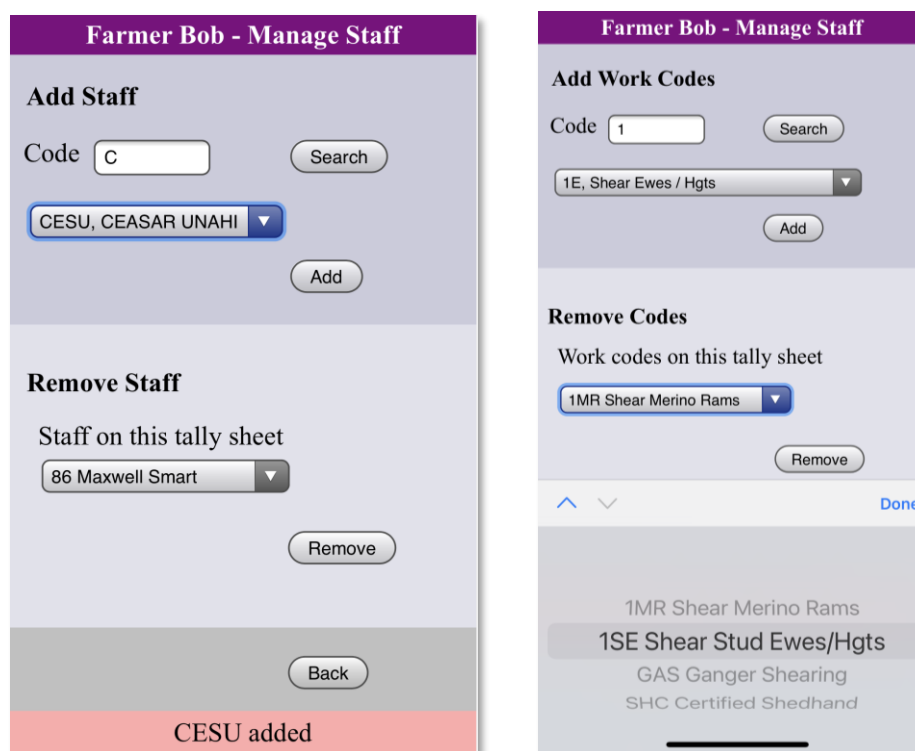

Figure 5: eBiz Manage Codes

Field	Description
Code / Search	Enter the first letter/s in the Code field, then click the Search button. Use the drop-down box to select the desired code from the returned search matches. <i>Notes:</i> <ul style="list-style-type: none"> <i>If no letters are entered, ALL staff or codes will display in the list.</i> <i>Using letters to limit the search greatly improves performance by not needing to load the entire employee/pay type database over the internet.</i>
Add button	Click to add the selected Employee or Work Code. It will now be able to be used on Lines.
Remove	Select the employee or code to remove from the tally sheet and click the Remove button. <i>Note</i> <ul style="list-style-type: none"> <i>Staff or Codes can only be removed if they have not been used on a Tally/Job Sheet Line.</i>

Health & Safety

If running the PayBiz optional Health & Safety module, then there will be a **Health & Safety** button visible on the eBiz Tally Sheet screen.

Click to access the Risks and Incidents for this job.

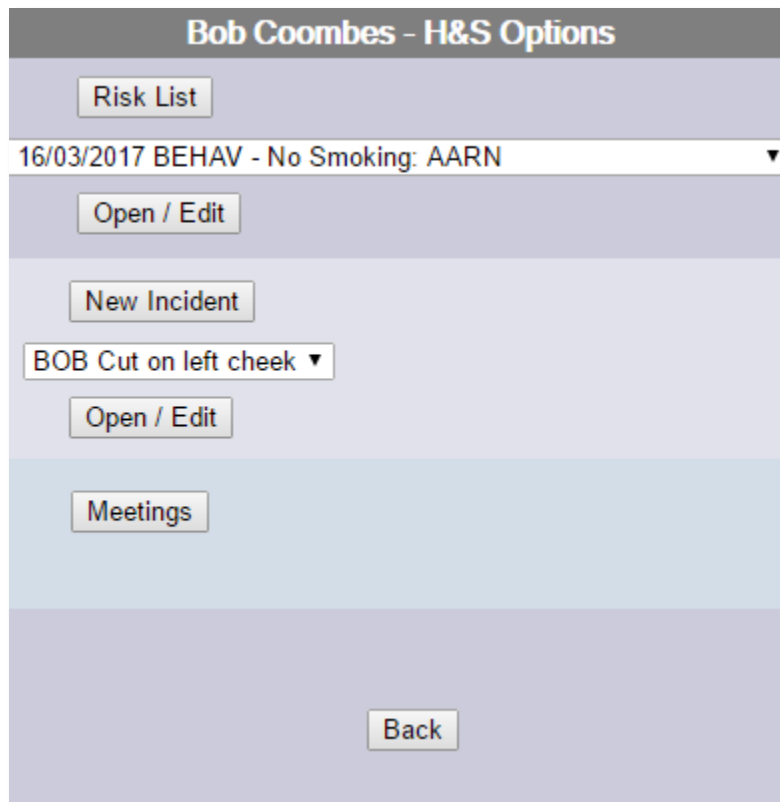

Figure 6: H&S Options

Field	Description
Risk List Completed Reviews Open / Edit	Opens the Risk Review Checklist to enter reviews. Lists the completed reviews for this tally sheet. Opens the selected review to view or edit the details.
New Incident Incident List Open / Edit	Click to enter a new Incident. Lists the incidents linked to this job. Opens the selected incident to view or edit the details.
Back	Return to the Tally Sheet screen

Risk List

Display the risk checklist for this job.

The checklist can be created beforehand on the main system to speed up entry for the team on site.

Quickly enter reviews using the **Chk** and **Notes** columns.

Figure 7: Risk Review Checklist

Field	Description
Completed By	Select the employee completing the risk reviews. Defaults to the employee record for the user currently logged in. N.B. Link user to an employee in File > User File on your main PayBiz system.
Review Table	Automatically shows the default risks defined on the Debtor. Enter a tick in the Chk column and/or a comment in the Notes column for risks that have been checked. When the Post button is clicked, reviews will be generated for those lines with ticks or notes, but not for lines without a tick or note.
Add Risks	Click to populate the Risk Location list (this is empty to begin with to reduce the amount of data to transfer when the form is opened). Select the desired location click the Add Risks button again to add to Risks to the checklist.
Post	Generates Risk Review records for each line with a tick in the Chk column or a comment in the Notes column.
Clear Tbl	Removes the risks from the table. N.B. Does NOT remove any completed reviews, only clears the table.
Back	Return to the H&S options screen.

Risk Reviews

From the **H&S Options** screen, select a review to open from the drop down list then click the **Open / Edit** button

eBiz Jobs / Invoices

Details entered here are visible immediately in the **Debtor Invoices** option of PayBiz.

Select an existing Job/Invoice from the drop down list and click **EDIT/VIEW** to open, or click the **NEW JOB** button to add a new job/invoice.

N.B. The **NEW JOB** button is only visible if your User Group has ADD access to the Debtor Invoice class.

The image shows two side-by-side screenshots of the PayBiz web interface. The left screenshot, titled 'eBiz - Invoices', displays a list of jobs with a dropdown menu showing '21/04/2015 HA 17250.00'. Below the list are buttons for 'EDIT / VIEW', 'NEW JOB', 'Log Off', and 'Back'. The right screenshot, titled 'eBiz Inv - View / Edit', shows the details for a selected invoice. It includes fields for 'Client / Debtor' (with a 'SAVE' and 'Add Client' button), 'Code' (with a search button), 'Date' (21/04/2015), 'Inv No / Ref' (32), and a checkbox for 'Split By Gross'. The 'Lines' section shows 'Equipment Hire (250 @ 50.00) \$14375.00' with 'Edit / View' and 'NEW Line' buttons. At the bottom, a summary table shows 'Nett 15000.00', 'GST 2250.00', and 'Gross 17250.00', with 'SAVE' and 'Back' buttons.

Figure 16: eBiz Invoice Job

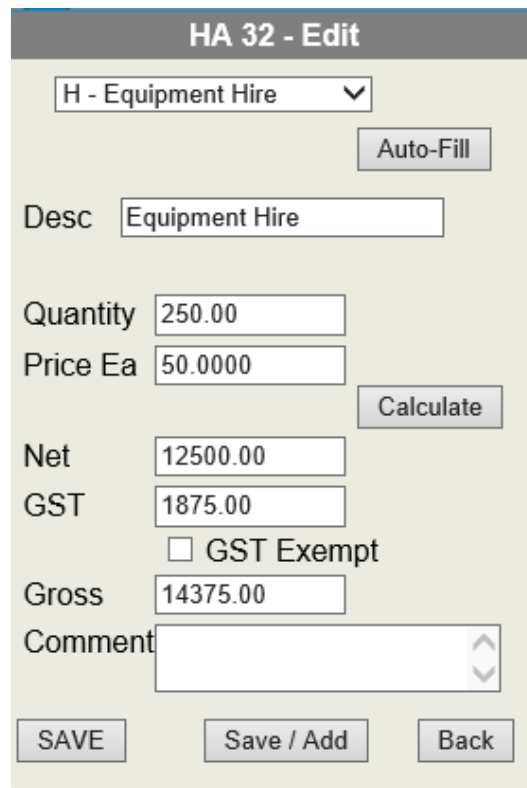

Field	Description
Add Client	Opens the Add Client screen to enter a new debtor. Only visible if your User Group has ADD access to the Client class.
Code / Search	Enter the first letter/s in the Code field, then click the Search button. Use the drop-down box to select the Debtor from the returned search matches. The address will display for the selected client. <i>Notes:</i> <ul style="list-style-type: none"> If no letters are entered, ALL clients will display in the drop-down box. Using letters to limit the search greatly improves performance by not needing to load the entire client database over the internet.

Continued...

Field	Description
Date	Enter the date of the tally sheet. Format dd/mm/yyyy. This will become the Invoice Date and determines the payroll period for payslips.
Inv No / Ref	Enter the invoice number or reference for this job. If using automatic incrementing of invoice numbers, leave this field blank, it will be automatically generated when the record is saved.
Split By Gross	Tick to be able to enter the GST inclusive value on each line. Leave unticked to use the GST exclusive price.
Lines Edit/View NEW Line	Select an existing line from the drop-down list and click Edit/View to open the Line, or click the NEW Line button to add a new invoice lines.
Nett/GST/Gross	Displays the current totals for this job.
Save	Click to Save the comments.
Back	Click to return to the Tally Sheet screen.

Select an existing Line from the **Lines** list and click **EDIT/VIEW** to open the Line, or click the **NEW Line** button to add a new Tally.

eBiz Invoice Job Lines

The screenshot shows a web form titled "HA 32 - Edit". At the top, there is a dropdown menu set to "H - Equipment Hire" and an "Auto-Fill" button. Below this is a "Desc" field containing "Equipment Hire". Further down are input fields for "Quantity" (250.00) and "Price Ea" (50.0000), followed by a "Calculate" button. Below the "Calculate" button are fields for "Net" (12500.00) and "GST" (1875.00). There is a checkbox labeled "GST Exempt" which is currently unchecked. Below this is a "Gross" field (14375.00) and a "Comment" text area. At the bottom of the form are three buttons: "SAVE", "Save / Add", and "Back".

Figure 17: eBiz Tally Sheet Line

Field	Description
Invoice Item	Select the Invoice Item from the list.
Auto-Fill	Click to auto-fill the Description and Price Ea from the Invoice Item defaults.
Description	Automatically generated if using an Invoice Item but can be overwritten Enter the description manually if not using an Invoice Item.
Quantity	Enter the quantity.
